Stop act like a fool & innocent, A muslim girl should not be a liar especially you wore hijab, don't you feel shame with it? Don't you fear Allah? HE already take off your real face by our hands, & HE wants you back to Him. so, Stop being munafiqin & do repent. All we want is you ask forgiveness & admit you big sin on us

Sister, one thing I had twin sister. It's not just me who use my phone in some times. Sometimes I do not introduce her to other people as she is like black sheep in family and I hate it. And in this summer every time I had class in Quran I don't bring phone she always barrow my phone and she is the one doing mess in my fb and WhatsApp. I don't like to let her use but because she will embarrass if I won't barrow her. My family just give what she wants so she will not revenge on us. I think she does mess in Facebook

does mess in Facebook but I cannot get mad and I'm tired advising because she always embarrassed. I don't know what she really did in fb even she talk with other men and I'm just shock why those men in my fb. We do not sometimes treat him well as she like other gender. And In Islam it's not allowed. I don't want talk about her because I feel shame she is is not pleasant.

Yes that's why I asked you what is the situation. But you don't tell me. Because I know she even get trouble before and I was the one to ask forgiveness because she always escape and act like nothing. She doesn't care she is worst sister I had. I'm aware maybe she create account and it's her who fool you. Don't get me wrong. Wallah I cannot like this time I'm fasting and I need to brake my fast now Its maghrib.
